NOTIFICATION

It has been seen that inmates of some of the Hostels staged a Dharma/Protests citing problems related to hostels such as non-functional mess, and problems related to electricity/water and wi-fi and other such small issues. Such problems though small, need to be addressed and resolved in the concerned hostels itself as soon as these are observed. The concerned Administrative Wardens/Wardens of the Hostels need to be regularly in touch with the inmates on their hostels and staff and be vigilant so as to have the first hand information about the problems, if any, and address them immediately. If such problems need intervention of the Faculty/University Administration then these should immediately be brought to their knowledge for their appropriate action.

In view of above all the Deans of Faculties along with Hostels Coordinator/Administrative Wardens/Wardens of the Hostels are requested to kindly make regular visit in the Faculty premises as well in the Hostels and ensure expeditious remedy to the student’s problems. University Administration is always happy to extend any co-operation/help whenever, required.

The University fraternity is well aware that His Excellency Hon’ble President of France and Hon’ble Prime Minister of India will be visiting the Holy City of Varanasi and is matter of great pleasure for all of us including residents of Varanasi to welcome them.

In this view, active participation and cooperation of all the Directors of the Institutes/Deans of Faculties/Heads of Offices/Hostel Coordinators/Wardens and other concerned members of the BHU fraternity are earnestly solicited with the University Administration as well District Administration to maintain congenial ambience on the Campus and to uphold the glorious history of this great seat of learning founded by Mahamana Pandit Madan Mohan Malaviyaje.

This issues with the approval of the Vice-Chancellor.
