NOTIFICATION

It has been observed that during educational tours conducted by different departments, students and teachers are often seen snapping photographs individually with the teacher and vice-versa which may sometime lead to misquoting/misrepresentation. The Vice-Chancellor after considering the report in one of the such instances has passed order that photography/videography during an educational tour for preservation and display purposes should only be in groups in a healthy spirit and at the educational sites and institutions only. Other than this, snapping of fun photographs during the tour with the teachers or students and posting it on social media with howsoever well intentioned it may be, will be the sole responsibility of student/teacher concerned from now onwards and will attract disciplinary action against them, if it comes even in traces, to be seen to tarnish the name and fame of this great University.

All the Directors of the Institutes, Deans of the Faculties and students advisors are requested to circulate this among the entire teaching fraternity and the students to extend all possible cooperation in maintaining the healthy academic environment on the University Campus by nurturing mutually respectful relationship among the teachers, students and between them.
